<u>Date</u>	<u>Things Completed</u>
Monday	<ul style="list-style-type: none">• No School today, I think at least I'm 90% sure there wasn't.
Tuesday	<ul style="list-style-type: none">• I think I spent half the day in class, and the other half I ventured off to the tech-booth to do techie things, although what exactly I can't 100% say that I remember.
Wednesday	<ul style="list-style-type: none">• This night was the actual performance night, spent the day cleaning up the tech-script and making it non-ugly, removing blank paces, highlighting the different types of cues, and just making sure that it would be followable. Also went through and refined some of the MyDMX scenes for Oldpamsis.
Thursday	<ul style="list-style-type: none">• Was in the productions room, worked on editing together the Old Brunswick Video, and also did a bit of scholarship stuff, got one submitted into the front office.
Friday	<ul style="list-style-type: none">• Was at Dramafest, it went well, didn't screw up while doing tech for Old Brunswick which was nice, and they said that it was really advanced tech-wise which I was 100% not expecting. Zach and I got some sort of award or recognition for the tech part, along with the other awards given out to the play.

Summary / Highlights

- Dramafest and the Local performance of Old Brunswick was this week, and both went really good I think.
- Spent most the week working on that general tech stuff just further preparing.
